

Amateur Softball Association of Southern California

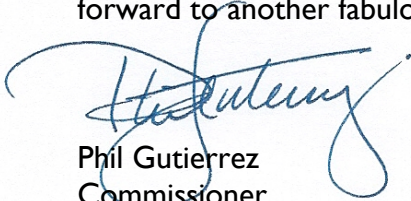

The Amateur Softball Association of Southern California, hereafter referred to as SoCal ASA, is an affiliate of the Amateur Softball Association of America (ASA), the National Governing Body (NGB) of Softball in the United States. The responsibilities of SoCal ASA include the regulation of competition and the assurance of fairness and equal opportunity to all who participate in ASA softball within the boundaries of SoCal ASA.

SoCal ASA is a non-government, non-partisan and not-for-profit organization that is staffed by volunteers who are dedicated to the advancement of softball at all levels of play. SoCal ASA accepts any person that qualifies as an amateur, regardless of gender, sex orientation, color, creed or national origin. Through the dedicated efforts of the Commissioner and the Junior Olympic (JO) Commissioner Staff, SoCal ASA has one of the finest, certainly the largest, Junior Olympic Program in the United States.

The SoCal ASA Junior Olympic Program exists to help develop the interest, skills and desires of our ever-growing young generation of softball players. The Program offers various classifications of fast pitch play, with emphasis on fun and providing a positive, supportive environment for all participants. The Program is committed to building healthy, productive and confident youth through the softball experience. This goal can best be accomplished through the continuing education of the coaches and other volunteers involved in the program. No other softball organization offers the intensive and informative coaching education experience that our Program provides through the SoCal ASA annual coaching clinics and the ACE Certification Program. The ACE Certification is available at the SoCal ASA coaching clinics and/or online through the ASA National Office.

The youth that participate in our Program receive the best overall softball experience possible. Our Program offers the best trained umpires, outstanding administration and organization at the local level, excellent insurance coverage, programs for both recreation and competitive play, and much more.

We very much appreciate your support and participation in our Junior Olympic Program. We look forward to another fabulous year of softball in 2011!

Phil Gutierrez
Commissioner

Amateur Softball Association of Southern California

Teams affiliated with ASA are a vital part of the National Governing Body of Softball. As such, the teams enjoy the following:

Governing Body of Softball: ASA is the National Governing Body (NGB) of Softball in the United States as approved by the U.S. Congress and accepted by the U.S. Olympic Committee (USOC) and the International Softball Federation (ISF). As the NGB, ASA represents the sport of softball for the United States of America.

Standardized Eligibility and Playing Rules: All ASA teams are governed by the same eligibility and playing rules throughout the country, thus ensuring fair competition in championship Play. Player eligibility is governed by the National ASA Code and is further defined by the SoCal ASA Rules and Regulations.

Tournament Certified Umpires: SoCal ASA Certified Umpires, used in all Championship Play, attend annual rules seminars and mechanics clinics, must pass a written rules exam and meet other region and national requirements before they become eligible for assignment to Championship Play.

Team Classification: SoCal ASA has established a classification code to regulate teams and players with dominate softball playing ability and keep them from playing in a lower classification. Teams and players may request to be reclassified before becoming eligible to compete in a lower classification.

Championship Competition: Championship play may be scheduled for the following classifications: Classifications "A", "B" and "C"; Classifications 10 and Under, 12 and Under, 14 and Under, 16 and Under, 18 and Under and 18 and Under Gold.

Junior Olympic Age Classification: The age cutoff date is December 31 of each year.

18 and Under Gold: This classification includes the most advanced Junior Olympic fast pitch players and teams in the nation. Many of these players have the potential to become members of our national teams, including the U.S.A. National Team. Qualifying teams at this level advance to the 18 and Under Gold National Championship.

"A" Classification (Travel): This level of competition is highly competitive with most players having consistent ability and pitchers being capable of controlling a game. Qualifying teams at this level advance to the USA / ASA "A" National Championships or to the Western Territory ASA "A" National Championships in their Age Classification.

"B" Classification / League All-Stars: This level of play is for recreation leagues only. Either league teams or league all-star teams are eligible to participate in these championships. District Championships are scheduled with a predetermined number of teams advancing to the SoCal ASA "B" State Championships (League All-Star Championships). Qualifying teams will advance to the Western Territory "B" ASA National Championships in their Age Classification.

“C” Classification / League All-Stars: This classification is for recreation leagues only, and is specifically for leagues that are not highly competitive. The intent of the “C” Classification is to establish meaningful competition for teams and leagues that cannot compete in the “B” Classification because of their league size and /or skill level of play. Either league teams or league all-star teams are eligible to participate in these championships. District Championships are scheduled with a predetermined number of teams advancing to either the SoCal ASA “C” State Championships or the Pacific Coast Region “C” Championships. This classification does not advance past State or Region.

Publications: Team managers receive the Official Rules of Softball (ASA Rule Book), a membership card and appropriate newsletters.

Insurance: SoCal ASA provides, as a benefit of membership, Accident / Liability Insurance to each individually registered player, team and / or league. Insurance brochures may be obtained from any SoCal ASA Junior Olympic Staff member.

Individual Membership: All Junior Olympic players in SoCal ASA must be individually registered.

Team Staff Membership: All Team / League adult staff members (i.e., manager / coach / team parent, etc.) that enter the field of play, the dugout or may have any single contact with a Junior Olympic player must be individually registered and background checked through the SoCal ASA mandatory registration system. Additionally, the manager and at least one other adult staff member of any team participating in ASA Championship Play, beginning at the District level, must be ACE Certified.

Membership: Membership in SoCal ASA is available to any manager, coach, player, team or umpire who resides within the defined boundaries of SoCal ASA, pays the SoCal ASA specified annual dues, and abides by the SoCal ASA Rules and Regulations, as well as the National ASA Code.

Players’ Association: Membership is open to any Junior Olympic player who participates on a team registered with SoCal ASA.

Championship Play: Any team that is a SoCal ASA member in good standing and meets the eligibility requirements for championship play may participate in scheduled championship play.

NOTE: Junior Olympic Championships may be capped based on field availability.

The form may also be obtained by contacting a District Commissioner, an Age Classification Commissioner or either one of the two State Junior Olympic Commissioners. The complaint must have the following information:

Recreation League Frequently Asked Questions

- Q: With respect to eligibility, there are SoCal ASA rules, Pacific Coast Region rules and the National ASA Code. Which has priority?**
A: Eligibility rules begin with the National ASA Code. However, the National ASA Code is sometimes very general and for that reason the Pacific Coast Region, which includes the states of California, Hawaii and Nevada, expands some rules to clarify how they apply to the region. SoCal ASA in turn further expands on those rules to suit our situations. The SoCal ASA expanded rules may not conflict with region rules which may not conflict with the National ASA Code.
- Q: May a player participate on a travel team and then participate on an all-star team?**
A: A player may participate with a travel team and still be eligible for Recreation All-Star Team selection if that player stops participating with the travel team before April 1 of the current year. Before April 1 the player must decide whether to continue playing with the travel team or participate in a recreation league and become eligible for all-star selection.
- Q: How does SoCal ASA define “participate” or “participation”?**
A: A player taking part in a tryout, practice, practice game, game or tournament.
- Q: Does a player who signs with an ASA travel team, Player Agreement Form, required to get a release from the travel team manager?**
A: No, it is the player’s decision even when an agreement has been signed with the travel team.
- Q: What happens to a player who drops from a travel team prior to April 1 and is then not selected for an all-star team?**
A: The player may re-sign, join or sign with a travel team, as per ASA travel team rules.
- Q: May a player participating in two leagues be selected to an all-star team?**
A: Yes, but only in one league. The player must, by April 15 of the current year, declare in which league they wish to be considered for all-star selection.
- Q: May an 11 years old player who participated with a 14U team during league play be selected for a 12U all-star team?**
A: Yes, providing the player has not entered ASA Championship Play in the 14U Age Classification and meets all other eligibility requirements.
- Q: May an 11 years old player who participated on a 14U travel team be selected for 12U all-star team?**
A: Yes, providing the player has not participated on the travel team after March 31 and they meet all other eligibility requirements.
- Q: May a league team enter championship play without approval of the league?**
A: No.
- Q: Do these eligibility rules apply to all all-star teams or at invitational tournaments?**
A: No, these rules apply only to an all-star team entering ASA Championship Play and other tournaments sanctioned by ASA. Invitational tournaments oftentimes use SoCal ASA eligibility rules so check with the Tournament Directors.

Q: What is Championship Play?

A: Competition from which the winner and oftentimes other selected teams advance to higher level of Championship Play. Levels of Championship Play are contained in the National ASA Code.

Q: What are “A”, “B” and “C” Classifications of play?

A: Independent travel teams and independent travel team organizations are “A” Classification and may participate in “A” Championship Play only. Independent recreation leagues are designated as “B” or “C” Classification and may participate in “B” and “C” Championship Play only.

Q: Why is a player not permitted to play in both “A” and “B / C” Classifications?

A: This is not permitted by National ASA Code because the “A” Classification is for players that have as their primary goal the development of competitive softball skills, with much emphasis on competition, while the “B” and “C” Classifications are for players registered with a league for recreation purposes. The “B” and “C” player’s primary goal is to have fun. The ASA offers programs for everyone and it is up to the individual, or their parents, to choose the program best suited for them.

Q: What is the “C” League automatic re-classification?

A: “Leagues that qualify three or more teams to the State All-Star Championships or the “Celebration of Champions” in any two-year period, excluding the 14U Classification, shall no longer be eligible for “C” Classification the following year.” This statement can better be explained with the following examples: 1) in 2007 a “C” League qualifies one team for the “C” State All-Star Championships / Celebration of Champions. In 2008 the same league qualifies two teams for the “C” State All-Star Championships / Celebration of Champions. In the two-year period, 2007-2008, the league qualified three teams for the “C” State All-Star Championships / Celebration of Champions and is, therefore, not eligible for “C” Classification in 2011. 2) In 2007 a “C” League does not qualify any teams for the “C” State All-Star Championship / Celebration of Champions. In 2008 the same league qualifies three teams to the “C” State All-Star Championship / Celebration of Champions. In the two-year period, 2007-2008, the league qualified three teams for the “C” Championships / Celebration of Champions and is therefore not eligible for “C” Classification in 2011.

Q: May a league that has been reclassified “B” reapply for “C” Classification?

A: A league re-classified “B” may submit a “C” Eligibility Request Form only if they have not qualified three teams for the State All-Star Championships / Celebration of Champions in the past two-year period. See Question / Answer above for further clarification.

Q: Can the SoCal ASA eligibility rules be changed?

A: Yes they can, and are year to year. However, be mindful that the SoCal ASA rules may not conflict with either the Pacific Coast Region rules or the National ASA Code. Everyone is encouraged to submit proposed changes in writing to their respective District Commissioner.

The SoCal ASA rules and regulations, published here, serve to protect members in circumstances particular to Southern California and define further the National ASA Code.

SoCal ASA is one of the best softball programs in the nation, and therefore the world, due primarily to the dedication of our coaches, the talent and determination of our players, and the rules and regulations established by SoCal ASA. Everyone’s continued cooperation at adhering to these rules and regulations will ensure our success for the future. ASA guidelines for team financial planning are:

Q: How does a team qualify for the ASA Western Territory National Championship?

A: A team must participate in the current year SoCal ASA State Championship in its Age Classification. Q: Does a team need a Travel Permit to enter a National Qualifier outside of SoCal?

A: No; however, the team must have an Official Tournament Entry Form signed by the SoCal ASA State Commissioner or an authorized designee. The form is available from the Age Classification Commissioner. A team may need a Travel Permit to participate in an Invitational Tournament outside of SoCal. This requirement depends on the Tournament Director.

Q: Can a manager, coach, player or parent from one team communicate with a player who is committed with another team?

A: Personal communication amongst friends is acceptable as long as recruitment and / or enticement to play on another team are not attempted.

Q: What should a player do when approached by a player from another team, their parents or friend about leaving their team and joining another team?

A: Explain that a player must be released by the team manager before speaking to that player about joining another team.

Q: What if the player states that the manager will not release them?

A: Explain that there are two ways a player can be released, 1) by the team manager, or 2) by filing an appeal with the SoCal ASA State Junior Olympic Commissioner - Travel.

Q: What is a Junior Olympic "B" or "C" All-Star Championship Tournament?

A: The Junior Olympic "B" and "C" Classifications are recreation level competition, less competitive than the "A" level. The "B" and "C" leagues select all-star teams to compete in "B" and "C" Championship Play. The recreation program comprises about 85 percent of the SoCal ASA Junior Olympic registrations and is therefore the reason for SoCal ASA's large number of berths to National Championships at all levels.

Q: What is the Players Association?

A: The Players Association is SoCal ASA's agency used to inform players and their parents, as well as to receive valuable feedback from players and parents on ways to improve ASA. It also provides several college scholarships to SoCal ASA Junior Olympic players each year.
